

Water-Data Report 2010

07069170 WARM FORK SPRING RIVER NEAR THAYER, MO

Upper White Basin
Spring Subbasin

LOCATION.--Lat 36°30'11", long 91°31'33" referenced to North American Datum of 1983, in NE ¼ SW ¼ sec.4, T.2 1., R.5 W., Oregon County, MO, Hydrologic Unit 11010010, at bridge on county road, 0.6 mi east of U.S. Highway 63, 0.2 mi north of Missouri-Arkansas State line, and 1.1 mi southeast of Thayer, Missouri.

SURFACE-WATER RECORDS

PERIOD OF RECORD.--Oct 1970 to Sep 1975 and Oct 1982 to current year.

REMARKS.--As the number of streams on which streamflow information is likely to be desired far exceeds the number of continuous-record stream-gaging stations feasible to operate at one time, the USGS collects limited streamflow data at sites other than the continuous-record stream-gaging stations. When discharge measurements are made at sites not included in the continuous-record or partial-record program, these measurements, generally made in times of drought or flood to give better areal coverage to those events, and others collected for some special reason are called measurements at miscellaneous sites. Discharge measurements in the following table were made at this special study or miscellaneous site during the 2010 water year.

**DISCHARGE MEASUREMENTS
WATER YEAR OCTOBER 2009 TO SEPTEMBER 2010**

Date	Discharge, in ft³/s	Gage height, in ft
Dec 16, 2009	168	2.09
Apr 7, 2010	277	2.55
